

Udenrigsministeriet har forhandlet en særftale med forlaget Orseu om 20% rabat på online materiale og bøger til forberedelse af EU/EPSO's adgangsprøve, den såkaldte "concours". Orseu's engelsksproget materiale anbefales bl.a. af den franske forvaltningsskole ENA, som noget af det bedste på markedet (de påpeger dog at metodologien kan være kompliceret).

Se nedenstående info om deres materiale, voucher-koder og hvordan de 20% opnås. Rabatten er kun for danske deltagere i EPSO's concours og kun gyldig op til et vist antal.

#### **VOUCHER CODES:**

**DENMARK1** : voucher of 20% off books and book packages. Can be used twice per account on our website. Valid from 30/03/2017 to 30/06/2017.

**DENMARK2** : voucher of 20% off online courses and online tests. Can be used twice per account on our website. Valid from 30/03/2017 to 30/06/2017.

To benefit from this voucher code, you will just have to:

- Create an account on Orseu' website: [www.orseu-concours.com](http://www.orseu-concours.com)
- Put in your basket all the products you will like to buy to benefit from the discount
- On the order summary page, you enter and confirm the voucher code (remember to press OK).
- You will see the amount of your order diminish by 20% for the concerned products

#### **BRIEF DESCRIPTION OF MATERIAL:**

- **Books**

This is the ideal tool when you have time to study before the competition. The methodology is explained step by step and illustrated by many example questions. Many test questions are available to put the methodology into practice. All questions are provided with detailed correction. They exist for each test and are available both in French and English (list below on the EN versions).

<b>BOOK</b>	<b>DATE</b>
BOOK NUMERICAL REASONING MCQ (ENG)	2012
BOOK VERBAL REASONING MCQ (ENG)	2012
BOOK ABSTRACT REASONING MCQ (ENG)	2013
BOOK SITUATIONAL JUDGEMENT TEST 2013 (ENG) - BLUE COVER	2013
BOOK ACCURACY AND PRECISION - PRIORITISING AND ORGANISING (ENG)	2010
CASE STUDY	2015
BOOK NUMERICAL REASONING - A TRAINING GUIDE 2016	2016
BOOK E-TRAY – PRESALE – TO BE RELEASED BY END OF MAY	2017

Please note that we will be releasing another book on Abstract Reasoning in April-May 2017. It will be a complement to the 2013 edition and an opportunity to practice on more tests.

- **Courses**

Our courses are available in various forms to meet everyone's requirements. They all follow the same format: the trainer explains the methodology; then the participants can practice on a few questions that are then corrected by the trainer.

**Distance courses:** we organise webinars in which each participant connects to the webinar session at the given time. All they need is a pair of headphones and computer with internet connection. There is one session per test. The sessions can be given all in one day or one per day over a week at a given time. This is ideal when the participants cannot attend a day's training or are not available to travel.

**Online courses:** these are recorded videos of 1,5 hour per test. They are available anytime on our website. They can be watched as many times as you like for 3 weeks from the date of purchase. Once the 3 weeks have expired, the videos will no longer be available.

- **Online tests**

Online tests are the perfect tool to test and assess yourself in the conditions of the competitions.
